

CYBERSECURITY & DATA PRIVACY VIRTUAL SUMMIT 2026

Protecting the Digital Future of Emerging Nations

AGENDA

FEBRUARY 2-5, 2026

Overview

The Global South Cybersecurity & Data Privacy (GS-CDP) Summit 2026 is designed for **CEOs, CIOs, CTOs, CSOs, CISOs, IT Managers, Cybersecurity & Data Privacy Professionals, Public Sector Leaders, and Legal & Compliance Experts** who must secure digital futures in emerging economies **facing evolving threats, fragmented regulations, resource constraints, and the rapid rise of AI.**

Each session delivers **immediately applicable solutions, regional case studies, and global strategies** to help participants protect citizens, secure businesses, reduce cyber risk, and build resilient national economies.

Across four powerful sessions, participants will gain the **skills, insights, and authority** to drive change where it matters most. Whether joining a single session or completing the full series, leaders

will leave equipped to **shape policy, strengthen and secure systems, and lead with confidence in their organizations.**

Participants who complete all four sessions will earn the **Global South Cybersecurity & Data Privacy Specialist Certificate** - a **landmark credential** that recognizes leaders equipped to **shape policy, strengthen alliances, and drive digital transformation and resilience across emerging economies in the Global South, while standing out as trusted voices in the global digital landscape.**

Cybersecurity Cross Functional Team Simulation

7:00 AM - 7:10 AM (UTC-5)
(10 Mins)

Welcome & Orientation

Host: Darryl Strachan

Host sets expectations: "This is a live-fire tabletop - you'll leave with an action report tailored to your team."

7:10 AM - 7:30 AM (UTC-5)
(20 Mins)

Scenario Briefing

- Hybrid cloud ransomware + sensitive data exfiltration.
- Regulator request + media leak for added realism.

Facilitators: Lt. Col. (Ret.) Godphey O. Sterling (technical lead, cyber resilience)
Patricia Adusei-Poku (regulatory perspective, Africa)

7:35 AM - 8:35 AM (UTC-5)
(1 hr.)

Simulation Exercise Part 1: Initial Response (Breakouts)

Teams split into:

- **Execs:** Board/CEO/strategy decisions
Facilitator: Greg Richards (moderator, with financial/risk experience)

- **IT/SecOps:** Containment & recovery
Facilitator: Dr. Bright Gameli Mawudor (technical response)

- **Legal/Comms:** Regulator, media, and internal messaging
Facilitator: Chukwuemeka Cameron (Jamaica, legal/DP law)

Timed injects force rapid decision-making.

Cybersecurity Cross Functional Team Simulation

8:40 AM - 9:25 AM (UTC-5)
(45 Mins)

Simulation Exercise **Part 2: Escalation & Decision Tradeoffs**

Scenario worsens: insider leak + regulator deadline + customer backlash. Teams must balance regulatory fines vs. reputational impact.

Facilitator/Moderator: Nicole Foga

Interactive Session Facilitators: Rosalind Lake, Kellye-Rae Campbell

9:25 AM - 9:40 AM (UTC-5)
(15 Mins)

Break

Networking, sponsor spotlight, or DJ Powa music interlude.

9:40 AM - 10:20 AM (UTC-5)
(40 Mins)

Debriefs by Role

Each track presents:
What worked?, What failed?, What would you change in your playbook tomorrow?

Facilitated debrief ensures cross-functional learning

Facilitator/Moderator: Greg Richards

Interactive Session Facilitators: Juliana Rotich, Abdul-Hakeem Ajijola (Nigeria)

Cybersecurity Cross Functional Team Simulation

10:25 AM - 11:10 AM (UTC-5)
(45 Mins)

Panel Discussion Lessons from Real-World Cyber Crisis Response

Discussion of actual incidents, recovery, and leadership under fire.

Moderator: Stuart Hylton
